Mariee tells her story as a child in the country in the 60's.

EXTRACT : (from my book)

« Les vaches c'était autre chose, le matin je n'étais pas levée mais le soir j'allais avec mamie la regarder «moult» (traire.) Parfois elle leur attachait la queue autour de la patte avec une corde parce que la vache lui envoyait dans la figure !
ça c'était rigolo !!!

Mais il y a eu plus rigolo, surtout pour elle, quand je me moquais d'elle, il lui suffisait de diriger la mamelle du pis vers moi et d'un coup bien visé de m'envoyer un jet de lait en pleine figure ; le chat qui venait boire au bidon recevait le même traitement. »
